RE: **EM-CING-092-191101** – New Cingular Wireless PCS, LLC (AT&T) notice of intent to modify an existing telecommunications facility located at 20 Antolini Road, New Hartford, Connecticut.

Dear Ms. Iliades:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on November 1, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request. The Structural Analysis report prepared by American Tower Corporation and dated September 12, 2019, does not account for the mount modifications recommended in the Mount Analysis prepared by Hudson Design Group, LLC, dated August 28, 2019 and provided with the request.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications, LLC provide a Structural Analysis report for the proposed equipment that accounts for the antenna mount modifications referenced above, on or before December 6, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 6, 2019. **Please provide an electronic version and one hard copy of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director
