Re: **EM-VER-098-140114 – Cellco Partnership d/b/a Verizon Wireless
10 Ashpohtag Road, Norfolk, Connecticut**

Dear Ms. Bachman:

On February 7, 2014, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its telecommunications facility at 10 Ashpohtag Road in Norfolk, Connecticut. The modifications involved the replacement of certain antennas.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that Cellco's facility modifications complied with the recommendations referenced in the September 24, 2013 Structural Analysis Report. Attached is a Professional Engineer's Tower Modification Certification letter verifying that the modifications were completed as required.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Re: Tower Modification Certification

Project: **Verizon Norfolk W**
10 Ashpohtag Rd, Norfolk, CT

Tower Owner: **SBA**
5900 Broken Pkwy NW, Boca Raton, FL 33487

Engineer: **FDH Engineering, Inc.**
6521 Meriden Drive Raleigh, NC 27616

Centek Project No.: 15003.001

CSC Exempt Mod Reference No.: EM-VER-098-140114

Dear Mr. Parks,

We are providing this "Tower Modification Certification" with regard to the structural components at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by FDH Engineering, Inc. (FDH Project Number: 13SCKU1400):

- Review of FDH Engineering, Inc. Structural Analysis dated 09/24/2013.
- Field observations by Centek Engineering, Inc. personnel on 01/21/2015 of the completed modifications which determined all modifications were installed in general compliance with the recommendations of the structural analysis report prepared by FDH Engineering, Inc. Structural Analysis dated 09/24/2013.

The modification design prepared by Review of FDH Engineering, Inc. demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification.

Sincerely,

Carlo F. Centore, PE
Principal - Structural
