RE: **EM-SPRINT-102-180928** – Sprint notice of intent to modify an existing telecommunications facility located at 31F Clark Falls Road, North Stonington, Connecticut.

Dear Mr. Barbadora:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on September 28, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request. Structural Modification Report section 4.1), states "Perform the modifications detailed in 'Appendix D' to remedy the deficiencies identified in Crown Castle Work Order No. 1581867". However 'Appendix D' and 'Work Order No. 1581867' are not included in the request for exempt modification.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Crown Castle provide "Appendix D" and "Work Order No. 1581867" referenced in the Structural Modification Report on or before November 5, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to November 5, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

MAB/FOC/IN
