RE: **EM-SPRINT-126-180919** – Sprint notice of intent to modify an existing telecommunications facility located at 30 Oliver Terrace, Shelton, Connecticut.

Dear Mr. Barbadora:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on September 19, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis (SA) Report prepared by Jacobs Engineering, dated July 11, 2018. SA Report Table 1. (Proposed Antenna and Cable Information) does not include a Handrail Kit (Site-Pro P/N: HRK14) as indicated in Construction Drawings A-2 and A-4 prepared by Tectonic and dated August 21, 2018.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Crown Castle provide an updated SA Report that is stamped and signed by a professional engineer duly licensed in the State of Connecticut and is consistent with the Construction Drawings, on or before October 31, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to October 31, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director
