RE: **EM-SPRINT-135-170315** - Sprint Spectrum L.P. notice of intent to modify an existing telecommunications facility located at Eastover Road, Stamford, Connecticut.

Dear Mr. Perry:

The Connecticut Siting Council (Council) is in receipt of your letter dated January 26, 2018, submitted on behalf of Sprint requesting an extension of time to submit a notice of completion of construction and associated post modification inspection report, if applicable, for the above-referenced exempt modification.

The Council hereby grants a six-month extension of time until October 25, 2018, to submit a notice of completion of construction and associated post modification inspection report, if applicable, for the above-referenced exempt modification.

This extension is granted with the understanding that the Council will be notified should Sprint need additional time to submit a notice of completion and associated post modification inspection report, if applicable, or decides not to proceed with construction.

Thank you for your attention to this matter.

Sincerely,

Melanie A. Bachman  
Executive Director

MAB/bm

Hi Melanie,

I hope you are doing well.

I am writing to notify you that Sprint is requesting an extension on this site as a precautionary measure due to an equipment shortage. They will likely be able to obtain the necessary equipment soon, but just in case I'd rather be safe than sorry. Please let me know if there is any other actions required on my part.

Thank you and have a nice weekend,

Ray
