RE: Notice of Exempt Modification — 630 James Farm Road, Stratford, CT 06614 — SITE ID: CT52XC083

- SAC Wireless, on behalf of Sprint, is requesting the necessary approvals from Connecticut Siting Council (CSC) for our scope of work for an existing Sprint facility located at – 630 James Farm Road, Stratford, CT 06614. Scope of work is as follows:
 - Sprint is proposing to install fiber at the telecommunication facility located at the above address.
 - *No tower work will be performed; only ground work.* Therefore, no structural analysis or RF analysis required
 - Site is located at the coordinates (Lat/Long): 41.245361, -73.120167
 - The underlying property owner of the site is Dana Ravanis.
 - Attached is the current property record held by the Town of Stratford.
- RF Engineers have determined this minor modification is required to help increase the network for the residents and the workforce within the local jurisdiction by offering faster data transfer speeds, fewer dropped calls and higher capacity.
- Please accept this letter as notification to the Council, pursuant to R.C.S.A Section 16-50j-73, for construction which constitutes an exempt modification pursuant to R.C.S.A Section 16-50j-72 (b)(2). In compliance with R.C.S.A Section 16-50j-73, a copy will be sent to the CC'd parties below.
- Please e-mail/mail me any receipts for application fees and/or fees due after plan review, prior to permit issuance. If any questions or concerns arise, please contact me at 312-858-3641.
- We greatly appreciate your help with this proposed Sprint facility upgrade.
