RE: **EM-CING-152-180410** - New Cingular Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 45 Fargo Road, Waterford, Connecticut.

Dear Mr. Gentile:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on April 10, 2018. On April 24, 2018, the Council issued a letter (enclosed) stating that your filing was incomplete because the construction drawings included a note stating "an analysis for the capacity of the existing mount to support the proposed equipment shall be determined prior to construction." The Council requested that Centerline Communications provide a mount analysis for the proposed equipment that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut and, if applicable, an updated Structural Analysis Report accounting for any required antenna mount modifications.

On May 25, 2018, the Council received an updated Structural Analysis Report for the facility that adds a handrail kit to the list of equipment proposed; however, no Mount Analysis was provided as requested by the Council in its April 24, 2018 letter. While the updated Structural Analysis Report is responsive to a portion of the incomplete filing letter, the lack of a Mount Analysis Report as noted in the construction drawings and requested by the Council still remains.

Therefore, the exempt modification filing remains incomplete at this time. The Council recommends that Centerline Communications provide a Mount Analysis Report for the proposed equipment that is stamped and signed by a Professional Engineer duly licensed in the State of Connecticut by June 25, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to June 25, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

MAB/CW
