RE: **EM-CING-152-180410** - New Cingular Wireless PCS, LLC notice of intent to modify an existing telecommunications facility located at 45 Fargo Road, Waterford, Connecticut.

Dear Attorney Chiocchio:

The Connecticut Siting Council (Council) received a notice of completion of construction for the above-referenced facility on September 13, 2019. Thank you for providing this information.

The Council approved the above referenced request for exempt modification in a Decision Letter dated June 11, 2018 (enclosed) with the following conditions:

1. The antenna mount shall be reinforced in accordance with the mount analysis prepared by Hudson Design Group dated March 19, 2018 and stamped by Daniel Hamm; and
2. Within 45 days following completion of tower modifications, AT&T shall provide documentation signed by a professional engineer that its installation complied with the recommendations presented in the mount analysis.

The completion notice does not contain documentation certified by a Professional Engineer that AT&T's installation is in compliance with the mount analysis by Hudson Design Group as mentioned above.

Therefore, the completion notice is not in compliance with the conditions of approval at this time.

The Council recommends that AT&T provide the above referenced documentation on or before December 10, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 10, 2019.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director
