RE: **EM-SPRINT-155-130828** – Sprint Spectrum L.P. notice of intent to modify an existing telecommunications facility located at 345 North Main Street, West Hartford, Connecticut.

Sprint Spectrum L.P.- Network Vision Exempt modification-Request to reopen and Modify Connecticut Siting Council Decision dated September 13, 2013.

Dear Ms. Howlett:

The Connecticut Siting Council (Council) is in receipt of your request to reopen and modify the above-referenced request for an exempt modification, dated November 24, 2014.

Please be advised that Council approval of this exempt modification has expired. Specifically, the Council rendered a decision on September 13, 2013 with the following conditions:

- “The validity of this action shall expire one year from the date of this letter; and
- The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.”

The Council has no record of any request for an extension of time for this exempt modification. Therefore, any additional change to this facility will require explicit notice to the Council pursuant to Regulations of Connecticut State Agencies Section 16-50j-73 and a filing fee.

Thank you for your attention and cooperation.

Very truly yours,
