New Britain, CT 06501

**Re: EM-T-MOBILE-166-130726
T-Mobile Site ID CT11403A
Andrews Road, Wolcott, CT
Notice of Compliance with Conditions and Construction Completion**

Dear Attorney Bachman:

The Connecticut Siting Council ("Council") acknowledged the above referenced T-Mobile Northeast LLC ("T-Mobile") notice of exempt modification on August 20, 2013.

The Council imposed the following condition in its acknowledgment:

- The coax lines shall be installed as shown in Figure 1 of the Structural Analysis prepared by FDH Engineering dated July 3, 2013 and stamped by Christopher Murphy; and
- Within 45 days following completion of the antenna installation, T-Mobile shall provide documentation certified by a professional engineer that its installation complied with the recommendations of the structural analysis.

The attached PE Closeout Letter, dated February April 23, 2015, provides evidence of compliance with the conditions outlined by the Council.

In addition, T-Mobile hereby notifies the Council that construction of the acknowledged modifications were complete as of June 10, 2014.

Re: Existing Telecommunications Facility Tower Certification Letter

Project: T-Mobile CT11403
Andrews Road, Wolcott, CT

Tower Owner: SBA Communications
8051 Congress Avenue, Boca Raton, FL

Engineer: FDH Engineering
6521 Meridien Drive, Raleigh, NC

Centek Project No.: 15098.000

CSC Exempt Mod Reference No.: EM-T-Mobile-166-130726

Dear Mr. Bandle,

We are providing this "Existing Telecommunications Facility Tower Certification Letter" with regard to the antenna upgrade by T-Mobile at the above referenced project.

The following are the basis for substantiating compliance with the FDH Engineering structural analysis report (FDH Project No. 1337661400 (R1)) dated July 3, 2013:

- Review of the FDH structural analysis report dated 07/03/2013.
- Field observations by Centek personnel of the coax installation on 04/23/2015 which determined all coax lines were installed in general compliance with the recommendations of the structural analysis report prepared by FDH Engineering on 07/03/2013.

The structural analysis prepared by FDH Engineering demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the referenced structural analysis.

Sincerely,

Carlo F. Centore, PE
Principal ~ Structural Engineer
