Re: Petition No. 1286 West Brookfield Reliability Project

Dear Ms. Bachman:

On March 20, 2017, Eversource Energy (“Eversource”) received a declaratory ruling from the Connecticut Siting Council (“Council”) that a Certificate of Environmental Compatibility and Public Need would not be required for the work proposed in Petition No. 1286, subject to conditions.

Condition 4 of the Council’s ruling requires submission to the Council of fence realignment details to allow for continued use of an on-site exterior daycare recreational area at 4 Woodcreek Road in Brookfield. As see in the Attachment A, the fenced in recreational area has been permanently relocated to the west side of the property. It was previously located on the south side of the property adjacent to Eversource’s right-a-way. The daycare owner is very pleased with the new location of the exterior recreational area as seen in the picture in Attachment B.

Should you, the Council members or Council staff have any questions regarding this information, please do not hesitate to contact me via email at [kathleen.shanley@eversource.com](mailto:kathleen.shanley@eversource.com) or telephone at 860-728-4527.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen M. Shanley". The signature is fluid and cursive, with a large loop at the end.

Kathleen M. Shanley

CC: The Honorable Stephen C. Dunn, First Selectman, Town of Brookfield
