Melanie A. Bachman
Executive Director
Connecticut Siting Council
10 Franklin Square
New Britain, CT 06051

Re: Petition No. 1310A – Quinebaug Solar, LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 50 megawatt AC solar photovoltaic electric generating facility on approximately 561 acres comprised of 29 separate and abutting privately-owned parcels located generally north of Wauregan Road in Canterbury and south of Rukstela Road and Allen Hill Road in Brooklyn, Connecticut.

Dear Ms. Bachman:

I am writing on behalf of Quinebaug Solar, LLC, (“Quinebaug Solar”) in connection with the above-referenced Connecticut Siting Council (“Council”) proceeding.

Enclosed please find an original¹ of the Development and Management Plan (“D&M Plan”) as required by the Council in its April 24, 2020 Findings of Fact, Opinion, Decision and Order.

This partial D&M plan is being filed at this time in order to begin clearing within the window allowed for the protection of tree-roosting bat species, as well as the long lead time required for substation and switching station construction. Quinebaug Solar will submit a final D&M plan complying with the remainder of the Council’s directives at a later date. As noted in the D&M Plan, Quinebaug Solar will not begin any construction or clearing on the project site until the Department of Energy and Environmental Protection approves Quinebaug Solar’s Stormwater Pollution Control Plan.

¹ Quinebaug Solar is filing one copy of the D&M Plan to comply with the Council’s March 18, 2020 suspension of its hard copy filing requirements. Additional copies of the filing can be submitted upon Council request.
