Logan Black  
Project Manager  
CS Energy  
100 Grove Street, Suite 315  
Worcester, MA 01605

RE: **PETITION NO. 1345** – North Stonington Solar Center, LLC declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 15 MW AC solar photovoltaic electric generating facility on approximately 353 acres comprised of four abutting parcels located east of Pendleton Hill Road, north of the Pawcatuck River and south of Interstate-95 with proposed access from Ella Wheeler Road, and associated electrical interconnection to Eversource Energy's Shunock Substation west of Pendleton Hill Road in North Stonington, Connecticut. **Partial Development and Management Plan.**

Dear Mr. Black:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than April 2, 2020. Please forward an original and 15 copies to this office, as well as a copy via electronic mail. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

Please be advised that the original and 15 copies are required to be submitted to the Council's office on or before the April 2, 2020 deadline.

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Sincerely,

Melanie A. Bachman  
Executive Director

### **Petition No. 1345**

#### **North Stonington Solar Center, LLC**

#### **Partial Development and Management Plan Interrogatories**

**March 17, 2020**

1. Was a copy of the Partial Development and Management Plan provided to the Town of North Stonington, as required in the Council's Declaratory Ruling issued on October 26, 2018?
2. The Partial Development and Management Plan Site Plan E-100 includes various site plan markings without a corresponding legend. Please provide a legend.
3. The submitted Site Plan E-100 contains a new panel array layout that does not match the Alternate 2 site layout design approved by the Council on October 26, 2018. What changes to the site layout have occurred, if any, that result in additional site clearing?
4. Why is clearing necessary in the southwest portion of the site if the new solar array layout shown on Site Plan E-100 no longer includes panels in this area?
5. What is the acreage of site clearing? (excluding selective wetland clearing)
6. The cover letter states the DEEP required Stormwater Construction Permit is currently under review. Has the DEEP Stormwater Division approved the initial site clearing plan, as proposed? Is the DEEP Stormwater Division requiring the establishment of erosion and sediment controls after initial clearing is completed?
