Subject: RE: Petition No. 1345- First Selectman North Stonington inquiry

Good afternoon, First Selectman Urgo.

Thank you for your e-mail. Apologies for the delay in response.

The Siting Council received the request to amend the footprint of this previously approved facility on June 16. It is currently under review. Earlier today, we issued an incomplete petition notice letter to the project developer for failure to notify the appropriate municipal and state officials of the amendment per Siting Council regulations. You should receive further correspondence from the project developer relative to the amendment.

If the Town has any comments or concerns about the amended project, please feel free to e-mail the our office at your convenience. The comment deadline is currently 7/18/20, but it can be extended upon request.

I hope this is helpful. Should you have further questions, please feel free to contact me at your convenience.

Thanks. Have a nice evening.

Melanie

Subject: Petition No. 1345- First Selectman North Stonington inquiry
Importance: High

Good afternoon,

This project (Petition No.1345) has changed hands a couple of times in our town and sounds like it is about to finally break ground. We wanted to be sure that any site changes that have taken place with their plan have been approved through siting and see what the status of the application was with you. We also wanted to be certain there is no additional action necessary from the Town.

Please advise asap.

Thank you for your help,

Mike Urgo

First Selectman

North Stonington CT
