**Subject:** Petition 1346-Manchester-Extended Hours Request-6/8/20, 6/9/20 and 6/10/20

Dear Ms. Bachman:

Eversource seeks Council staff approval for extended work hours for the above referenced project today, June 8, 2020; tomorrow, June 9, 2020 and Wednesday, June 10, 2020 from 7AM to 10PM. The extended hours are requested due to a delay this past Saturday in completing the end-to-end testing for the communications based protection systems caused by the unanticipated difficulty in uploading the relay settings and performing functional testing. These extended hours are needed to complete this required end-to-end testing to keep to the Project schedule.

The work during the extended hours will be primarily inside the control enclosures. The only noise generated will be by the vehicles driven by the workers to arrive and leave the substation.

We have notified the Town of Manchester of our intention to submit this request to the Council and they do not object to these extended work hours.

Please do not hesitate to contact me should you have any questions regarding this request. Thank you for your consideration to this matter.
