Re: Petition 1347A - GRE GACRUX LLC Petition for a Declaratory Ruling, Pursuant to Connecticut General Statutes §4-176 and §16-50k, for the Proposed Construction, Maintenance and Operation of a 16.78 MW AC Solar Photovoltaic Electric Generating Facility Located at 117 Oil Mill Road and Associated Electrical Interconnection to Eversource Energy's Existing Substation at 325 Waterford Parkway North in Waterford, Connecticut. Reopening of this Petition Based on Changed Conditions Pursuant to Connecticut General Statutes §4-181a(b).

Dear Ms. Bachman:

I am writing on behalf of my client, GRE GACRUX LLC ("GRE"), in connection with the above-referenced Project. As the Council indicated in its Decision and Order for Petition No.1347A, dated November 5, 2020 (the "Decision"), as a condition for the Project's approval, GRE must "[s]ubmit a copy of a DEEP-issued Stormwater Permit prior to the commencement of construction." Decision, p.1. Accordingly, with this Letter, I am enclosing the General Permit Registration for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities (Application No. 202004756) that GRE received for the Project on November 3, 2020, in compliance with the Council's Decision.

Should you have any questions concerning this submittal, please contact me at your convenience. I certify that copies of this submittal have been made to all parties on the Petition's Service List as of this date.

Sincerely,

Lee D. Hoffman

Enclosure

Subject: General Permit Registration for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities
Application NO.: 202004756

Jean-Paul LaMarche:

The Department of Energy and Environmental Protection, Water Permitting and Enforcement Division of the Bureau of Materials Management and Compliance Assurance, has completed the review of the Waterford Solar (located at 117 Oil Mill Road, Waterford) registration for the **General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities, effective 10/1/13 (general permit)**. The project is compliant with the requirements of the general permit and the discharge(s) associated with this project is (are) authorized to commence as of the date of this letter. Permit No. GSN003573 has been assigned to authorize the stormwater discharge(s) from this project.
