Re: Petition No. 1347 – GRE GACRUX LLC Petition for a Declaratory Ruling, pursuant to Connecticut General Statutes § 4-176 and § 16-50k, for the proposed construction, maintenance and operation of a 16.78-megawatt AC solar photovoltaic electric generating facility located at 117 Oil Mill Road and associated electrical interconnection to Eversource Energy’s existing substation at 325 Waterford Parkway North in Waterford, Connecticut.

Dear Ms. Bachman:

I am writing on behalf of my client, GRE GACRUX LLC (“GRE”), in connection with the above-referenced Petition. Specifically, I am writing in response to the February 12, 2020 letter written by the Town of Waterford (the “Town”). In that letter, the Town requested that, in the event that the Connecticut Siting Council (the “Council”) re-opened the instant Petition, the Council hold a public hearing on the matter.

GRE has no objection to the Town’s request and agrees that should the Council re-open Petition No. 1347, the Council hold a public hearing regarding same.

Please do not hesitate to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Lee D. Hoffman".
