Justin Adams
Permitting Manager
Bloom Energy Corporation
4353 North First Street
San Jose, CA 95134

RE: **PETITION NO. 1387** – Bloom Energy Corporation declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a grid-side 10-megawatt (MW) fuel cell facility and associated equipment to be located at Eversource Energy's existing Judd Brook electric distribution substation, 160 Old Amston Road, Colchester, Connecticut.

Dear Mr. Adams:

The Connecticut Siting Council (Council) is in receipt of the final results of the ISO-NE project interconnection review received June 26, 2020 regarding compliance with Condition No. 2 of the Council's Development and Management (D&M) Plan Decision dated March 27, 2020 for the above-referenced project.

The Council acknowledges that this D&M Plan condition has been satisfied. This acknowledgment applies only to the D&M Plan condition satisfied by correspondence received on June 26, 2020. Any significant changes to the above-referenced project require advance Council notification and approval.

Thank you for your attention and cooperation.

Sincerely,

s/Melanie A. Bachman

RE: **PETITION NO. 1387**, Bloom Energy Corporation petition for a declaratory ruling, pursuant to Connecticut General Statutes § 4-176 and § 16-50k, for the proposed construction, maintenance, and operation of a grid-side 10-megawatt (MW) fuel cell facility and associated equipment to be located at Eversource Energy's existing Judd Brook electrical distribution substation, 160 Old Amston Road, Colchester, Connecticut – Condition 3(f) of the January 6, 2020 Declaratory Ruling

Dear Attorney Bachman:

In condition 3(f) of its January 6, 2020 Declaratory Ruling, the Connecticut Siting Council requested the final ISO-NE project review. Bloom Energy is providing the attached May 6, 2020 ISO-NE approval letter indicating no adverse effect as a result of the installation for your reference.

Should you have any questions, concerns, or require additional information, please contact me at (860) 839-8373.

Respectfully,
Bloom Energy

Mr. Joseph Adadjo
Eversource Energy
56 Prospect Street
Hartford, CT 06103

Subject: Bloom Energy Fuel Cell Old Amston Road Colchester Connecticut- Proposed Plan Application (PPA) – ES-20-G122

Dear Mr. Joseph Adadjo,

This letter is to inform you that, pursuant to review under Section I.3.9 of the ISO Tariff, no significant adverse effect has been identified with regard to the following PPA:

ES-20-G122– Generator application from Eversource Energy on behalf of Bloom Energy for the installation a 10MW fuel cell interconnecting to the 23kV bus of the Eversource Judd Brook 32R 27.6/23.0kV Substation. The in-service date is December 1, 2020. The Reliability Committee (RC) reviewed the materials presented in support of the proposed project and did not identify a significant adverse effect on the reliability or operating characteristics of the transmission facilities of New England Power Company, the transmission facilities of another Transmission Owner or the system of any other Market Participant.

Having given due consideration to the RC review, ISO New England has determined that implementation of the plan will not have a significant adverse effect upon the reliability or operating characteristics of the Transmission Owner’s transmission facilities, the transmission facilities of another Transmission Owner, or the system of a Market Participant.

A determination under Section I.3.9 of the ISO Tariff is limited to a review of the reliability impacts of a proposed project as submitted by Participants and does not constitute an approval of a proposed project under any other provisions of the ISO Tariff.

Sincerely,
/s/ Al McBride
