Re: NuPower Bridgeport FC, LLC Petition for a Declaratory Ruling, Pursuant to Connecticut General Statutes §4-176 and §16-50k, for the Proposed Construction, Maintenance and Operation of a Grid-side 9.66-Megawatt Fuel Cell Facility and Associated Equipment to be Located at 600 Iranistan Avenue, Bridgeport, Connecticut, and Associated Electrical Interconnection

Dear Ms. Bachman:

NuPower Bridgeport FC, LLC (“NuPower”) hereby submits to the Connecticut Siting Council (“Council”) a petition (“Petition”) for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is necessary for the construction, maintenance and operation of a 9.66-megawatt fuel cell facility and associated equipment at 600 Iranistan Avenue, Bridgeport, Connecticut.

Given that the Council has waived all hard copy filing requirements as part of its response to the COVID-19 pandemic, by this letter, NuPower submits to the Council an electronic copy of its Petition and the associated exhibits, and all other relevant attachments in connection therewith. A hard copy of the Petition will be mailed to the Council along with the required filing fee.

Should the Council require any additional material for the review of this Petition or have any questions regarding the Petition, please do not hesitate to contact me.

Very truly yours,

Bruce L. McDermott
