Re: Petition by Greenskies Clean Energy LLC for a Declaratory Ruling, Pursuant to Connecticut General Statutes §4-176 and §16-50k, for the Proposed Construction, Operation and Maintenance of a 4.99 MW AC Ground-mounted Solar Photovoltaic Electric Facility Located on Barber Hill Rd in East Windsor, Connecticut

Dear Ms. Bachman:

I am following up on your correspondence of July 29, 2020 related to this Petition and my July 22, 2020 correspondence on this matter. In your July 29, 2020 letter, you informed the project that its Petition was deemed incomplete by the Council due to the Council not receiving notice from the Department of Energy and Environmental Protection that the project will not have an adverse impact on core forest and the Department of Agriculture that the project will not have an adverse impact on prime farmland. It was Petitioner's understanding that DEEP had already submitted these materials to the Council and that the Department of Agriculture's filing would be submitted to the Council shortly. Petitioner will follow up with both of these agencies to ensure that the Council receives these materials prior to the August 28, 2020 deadline referenced in your letter.

You also indicated that the Council wished to have Petitioner provide proof to the Council that a notice of the filing of the Petition was provided to abutting property owners and the appropriate governmental officials in accordance with RCSA § 16-50j-40. This information was provided to the Council on July 22, 2020. A copy of that July 22, 2020 correspondence is included with this letter.

As I indicated in my July 22, 2020 letter, abutters were provided with two formal notices of the Petition on June 2, 2020 and June 16, 2020, in addition to the informal notices provided to the abutters as articulated in the Petition and Appendix K of the Petition. Governmental officials were notified of the Petition on June 16, 2020. A copy of these materials is once again enclosed for your review. It would be my suggestion that the contents of the July 22, 2020 letter be incorporated as an addendum to Appendix K of the Petition, but the Petitioner is happy to handle the matter in any fashion the Council so desires.

Page 2

It is my hope that this submission fully satisfies the second request on page 2 of the Council's July 29, 2020 correspondence. As indicated above, the Petitioner will work with the two agencies involved to provide the Council with the necessary documentation by August 28, 2020.

Should you have any questions about this submittal, please contact me at your convenience.

Sincerely,

Lee D. Hoffman

Re: Petition by Greenskies Clean Energy LLC for a Declaratory Ruling, Pursuant to Connecticut General Statutes §4-176 and §16-50k, for the Proposed Construction, Operation and Maintenance of a 4.99 MW AC Ground-mounted Solar Photovoltaic Electric Facility Located on Barber Hill Rd in East Windsor, Connecticut

Dear Ms. Bachman:

Enclosed you will find two sets of documents. One contains a list of abutters, showing mailing dates and returns, if applicable, followed by the letters to the abutters themselves. The abutters were notified twice, as the first letters contained a directional error, stating that the site was on the east side of Barber Hill Road. This was corrected in the June 16, 2020 letter, which correctly states that the site is on the *west* side of Barber Hill Road. Both sets of letters are included.

The second set of documents contains a list of government officials, showing mailing dates and returns, if applicable, followed by the letters to the officials themselves. You will note that the officials are split into groups of town officials, elected officials and state agencies.

Sincerely,

Lee D. Hoffman

**Re: Greenskies Clean Energy, LLC Petition for Declaratory Ruling for a Solar Project
to Be Located in East Windsor, Connecticut**

Dear Sir/Madam:

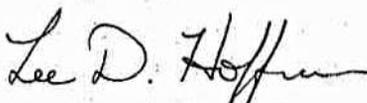

Pursuant to section 16-50j-40(a) of the regulations of the Connecticut Siting Council (the "Council"), we are notifying you that Greenskies Clean Energy, LLC intends to file a petition for declaratory ruling with the Council on or shortly after June 8, 2020. This petition will request the Council's approval of the location and construction of three (3) 1.6 megawatt alternating current ground-mounted solar photovoltaic systems on one parcel of land in the Town of East Windsor, Connecticut ("the Project").

The Project is located in the southeastern portion of East Windsor, on the east side of Barber Hill Road. The Project will be on a portion of the Mulnite Farm, consisting of one parcel located at Rockville Road, at its intersection with Barber Hill Road. The Project will comprise approximately twenty-four (24) acres of the thirty-nine (39) acre parcel.

The Project consists of solar modules, string inverters, driven post racking, DC string wiring, AC wire runs, transformers, switchgear, metering equipment, security fencing and access roads. The Project will be interconnected with Eversource's electric distribution system.

Once filed, a full copy of the Petition will be placed on file with the Town of East Windsor. You can also access a copy of the Petition at the Council's website: www.ct.gov/csc. If you have any questions regarding the Project, please contact the undersigned or the Council.

Sincerely,

Lee D. Hoffman
Attorney for Greenskies Clean Energy, LLC

to Be Located in East Windsor, Connecticut**

Dear Sir/Madam:

Pursuant to section 16-50j-40(a) of the regulations of the Connecticut Siting Council (the "Council"), we are notifying you that Greenskies Clean Energy, LLC intends to file a petition for declaratory ruling with the Council on or shortly after June 19, 2020. This petition will request the Council's approval of the location and construction of three (3) 1.6 megawatt alternating current ground-mounted solar photovoltaic systems on one parcel of land in the Town of East Windsor, Connecticut ("the Project").

The Project is located in the southeastern portion of East Windsor, on the west side of Barber Hill Road. The Project will be on a portion of the Mulnite Farm, consisting of one parcel located at Rockville Road, at its intersection with Barber Hill Road. The Project will comprise approximately twenty-four (24) acres of the thirty-nine (39) acre parcel.

The Project consists of solar modules, string inverters, driven post racking, DC string wiring, AC wire runs, transformers, switchgear, metering equipment, security fencing and access roads. The Project will be interconnected with Eversource's electric distribution system.

Once filed, a full copy of the Petition will be placed on file with the Town of East Windsor. You can also access a copy of the Petition at the Council's website: www.ct.gov/csc. If you have any questions regarding the Project, please contact the undersigned or the Council.

Sincerely,

Lee D. Hoffman
Attorney for Greenskies Clean Energy, LLC

Re: Greenskies Clean Energy, LLC Petition for Declaratory Ruling for a Solar Project to Be Located in East Windsor, Connecticut

Dear Sir/Madam:

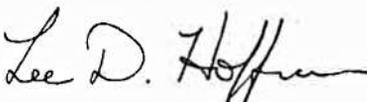

Pursuant to section 16-50j-40(a) of the regulations of the Connecticut Siting Council (the "Council"), we are notifying you that Greenskies Clean Energy, LLC intends to file a petition for declaratory ruling with the Council on or shortly after June 19, 2020. This petition will request the Council's approval of the location and construction of three (3) 1.6 megawatt alternating current ground-mounted solar photovoltaic systems on one parcel of land in the Town of East Windsor, Connecticut ("the Project").

The Project is located in the southeastern portion of East Windsor, on the west side of Barber Hill Road. The Project will be on a portion of the Mulnite Farm, consisting of one parcel located at Rockville Road, at its intersection with Barber Hill Road. The Project will comprise approximately twenty-four (24) acres of the thirty-nine (39) acre parcel.

The Project consists of solar modules, string inverters, driven post racking, DC string wiring, AC wire runs, transformers, switchgear, metering equipment, security fencing and access roads. The Project will be interconnected with Eversource's electric distribution system.

Once filed, a full copy of the Petition will be placed on file with the Town of East Windsor. You can also access a copy of the Petition at the Council's website: www.ct.gov/csc. If you have any questions regarding the Project, please contact the undersigned or the Council.

Sincerely,

**Re: Greenskies Clean Energy, LLC Petition for Declaratory Ruling for a Solar Project
to Be Located in East Windsor, Connecticut**

Dear Sir/Madam:

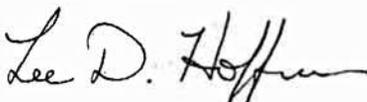

Pursuant to section 16-50j-40(a) of the regulations of the Connecticut Siting Council (the "Council"), we are notifying you that Greenskies Clean Energy, LLC intends to file a petition for declaratory ruling with the Council on or shortly after June 19, 2020. This petition will request the Council's approval of the location and construction of three (3) 1.6 megawatt alternating current ground-mounted solar photovoltaic systems on one parcel of land in the Town of East Windsor, Connecticut ("the Project").

The Project is located in the southeastern portion of East Windsor, on the west side of Barber Hill Road. The Project will be on a portion of the Mulnite Farm, consisting of one parcel located at Rockville Road, at its intersection with Barber Hill Road. The Project will comprise approximately twenty-four (24) acres of the thirty-nine (39) acre parcel.

The Project consists of solar modules, string inverters, driven post racking, DC string wiring, AC wire runs, transformers, switchgear, metering equipment, security fencing and access roads. The Project will be interconnected with Eversource's electric distribution system.

Once filed, a full copy of the Petition will be placed on file with the Town of East Windsor. You can also access a copy of the Petition at the Council's website: www.ct.gov/csc. If you have any questions regarding the Project, please contact the undersigned or the Council.

Sincerely,

Lee D. Hoffman

The Project is located in the southeastern portion of East Windsor, on the west side of Barber Hill Road. The Project will be on a portion of the Mulnite Farm, consisting of one parcel located at Rockville Road, at its intersection with Barber Hill Road. The Project will comprise approximately twenty-four (24) acres of the thirty-nine (39) acre parcel.

The Project consists of solar modules, string inverters, driven post racking, DC string wiring, AC wire runs, transformers, switchgear, metering equipment, security fencing and access roads. The Project will be interconnected with Eversource's electric distribution system.

Once filed, a full copy of the Petition will be placed on file with the Town of East Windsor. You can also access a copy of the Petition at the Council's website: www.ct.gov/csc. If you have any questions regarding the Project, please contact the undersigned or the Council.

Sincerely,

Lee D. Hoffman

Re: Greenskies Clean Energy, LLC Petition for Declaratory Ruling for a Solar Project to Be Located in East Windsor, Connecticut

Dear Sir/Madam:

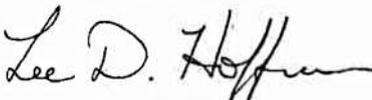

Pursuant to section 16-50j-40(a) of the regulations of the Connecticut Siting Council (the "Council"), we are notifying you that Greenskies Clean Energy, LLC intends to file a petition for declaratory ruling with the Council on or shortly after June 19, 2020. This petition will request the Council's approval of the location and construction of three (3) 1.6 megawatt alternating current ground-mounted solar photovoltaic systems on one parcel of land in the Town of East Windsor, Connecticut ("the Project").

The Project is located in the southeastern portion of East Windsor, on the west side of Barber Hill Road. The Project will be on a portion of the Mulnite Farm, consisting of one parcel located at Rockville Road, at its intersection with Barber Hill Road. The Project will comprise approximately twenty-four (24) acres of the thirty-nine (39) acre parcel.

The Project consists of solar modules, string inverters, driven post racking, DC string wiring, AC wire runs, transformers, switchgear, metering equipment, security fencing and access roads. The Project will be interconnected with Eversource's electric distribution system.

Once filed, a full copy of the Petition will be placed on file with the Town of East Windsor. You can also access a copy of the Petition at the Council's website: www.ct.gov/csc. If you have any questions regarding the Project, please contact the undersigned or the Council.

Sincerely,

Lee D. Hoffman
