March 14, 2022

Ms. Melanie Bachman  
Executive Director  
Connecticut Siting Council  
Ten Franklin Square  
New Britain, CT 06051

**RE: PETITION NO. 1435 – Completion Letter**

Location: Leetes Island Road, Branford, CT 06405

Dear Attorney Bachman:

The Connecticut Siting Council ("Council") acknowledged the above referenced Department of Emergency Services and Public Protection ("DESPP") petition and ruled that it, "would not have a substantial adverse environmental effect, and pursuant to Connecticut General Statutes § 16-50k, would not require a Certificate of Environmental Compatibility and Public Need". DESPP hereby notifies the Council that construction of the proposed tower is complete, as specified in the original petition. In addition, the pre-existing monopole has been removed. It should be noted that the pre-existing DOT antenna was not installed on the new self-supporting lattice tower as the DOT has discontinued the Highway Advisory Radio (HAR) program that was using the antenna.

Please contact me with any questions, comments, or concerns.

Sincerely,

Mark Gorka  
Grants and Contracts Specialist
