Re: Petition No. 1444

Dear Attorney Bachman:

This office represents CP NB Solar I, LLC and CP NB Solar II, LLC (“Petitioners”). Petitioners would like to correct an inadvertent reference to the eastern box turtle on page nineteen of the Petition narrative.

As set forth in the Environmental Assessment appended to the Petition, the Petitioners consulted with the Department of Energy and Environmental Protection (“DEEP”) concerning the potential presence of endangered, threatened and special concern species. The DEEP’s Natural Diversity Data Base (“NDDB”) mapping revealed that there are no NDDB polygons overlapping the site partially or entirely. (*See Appendix B to the Environmental Assessment, which is Attachment 1 to the Petition.*) Because the nearest NDDB buffer is more than one-half mile from the site, it was not necessary to consult further with DEEP concerning the NDDB. (*Attachment 1, Appendix C.*)

Please do not hesitate to contact me with any questions.

Very truly yours,

Jesse A. Langer
