RE: **PETITION NO. 1586** – Dominion Energy Nuclear Connecticut, Inc. petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, that neither a new Certificate of Environmental Compatibility and Public Need (Certificate) nor a modification to its existing Certificate is required to revise the boundaries of the Millstone Power Station electric generating facility site located off Rope Ferry Road, Waterford, Connecticut.

Dear Bryan Sales:

The Connecticut Siting Council (Council) is in receipt of your Request for a Public Hearing, dated September 7, 2023, for the above-referenced petition.

The Request for a Public Hearing will be placed on the next Council meeting agenda, a copy of which is enclosed. You will be notified of the Council's determination immediately thereafter.

Please contact our office at 860-827-2935 if you have any questions.

Sincerely,

Melanie A. Bachman  
Executive Director

**Re: Submission of public comment to Petition No. 1586 - Dominion Energy Nuclear Connecticut, Inc. – Petition for a Declaratory Ruling on the Need to Obtain a New or Modify an Existing Siting Council Certificate to Modify the Boundary of the Site at the Millstone Power Station, Waterford, Connecticut Interrogatory Responses**

Dear Attorney Bachman:

Today, I was pleased to see Waterford residents Donovan and Robertson's request for a Siting Council public hearing included in their public comments for petition No. 1586. According to the Siting Council's website, adding a public hearing would allow concerned residents an opportunity to speak to the Siting Council in person. Wonderful! A 6:30 PM start would allow time for Waterford residents to get there after work.

As a resident of the Quaker Hill section of Waterford, my interest in seeing Dominion's petition DENIED is rooted firmly in my belief that the 526-acres of Dominion/MPS owned operating boundary should never be divided, reduced from its current 526-acres, leased or otherwise used for anything unrelated to power production. While my public comments were submitted yesterday, it was only today that I learned that I could request a public hearing of petition No. 1586. While I simply followed the petitioner's responses to your questions point by point, throughout, I reiterated my heartfelt conviction that the current 526-acre Dominion/MPS boundary should remain as is. If not for the negotiations between Dominion/MPS ownership, NE Edge, LLC, and the First Selectman, Rob Brule, we wouldn't be debating the boundary petition. Their discussion forces public comments to include their plans. That is unavoidable. My own interest is that regardless of their plans, I would never approve of changing Dominion/MPS operating boundaries from its present, and hopefully, future lines. That precious 526 acres of land should remain as a site to produce energy with or without Dominion ownership. Future generations will depend upon us all to preserve that 526-acre boundary as a site devoted to energy generation.

In closing, I ask that you provide a public hearing of petition No. 1586, for concerned citizens of Waterford to have that chance to contribute their own valuable input to help shape your decision.

Sincerely,

*Bryan Sayles*
