Petition No. 1

On inspection of the reconstructed 115 kV transmission line between Wawecus Junction in Norwich and Tunnel substation in Preston was made by John Lombard, Economist and W.C. Joram, Exec. Director accompanied by Jerry Thompson of Northeast Utilities Service Company on March 26, 1975.

We found the project to be completed in accordance with the specifications set forth in the applicants letter of August 23, 1972.

A description of the modification with color slides was presented to the Council on April 25, 1975 by W.C. Joram.
