Bridgeport, Modifications at Scovill Rock Switching) October 12, 2004
Station and Norwalk Substation and the Reconfiguration)
of Certain Interconnections)

**CORRECTED "HOMEWORK ASSIGNMENT" PRESENTED BY APPLICANTS
REGARDING THE EAST SHORE PRESENTATION MADE AT THE HEARING
ON JUNE 2, 2004**

The Connecticut Light and Power Company ("CL&P") and The United Illuminating Company ("UI") (together, the "Companies") submit the attached corrected table from the East Shore presentation to make it consistent with the Comparative Analysis "Proposed Route" vs. "East Shore Route" that was updated at the September 28, 2004 hearing. The original table was presented by the Companies' witness at the June 2, 2004 hearing, was originally admitted into evidence as Exhibit 101, and was subsequently corrected by John Prete at the hearing on September 28, 2004.

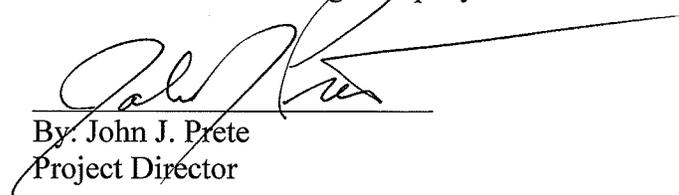

An electronic version of the correction page to the presentation will be sent, via e-mail, to the service list.

Respectfully Submitted,

The Connecticut Light and Power Company

The United Illuminating Company
