

CL&P/UI
Docket No. 272

Data Request TOWNS-07
Dated: 05/17/2004
Q- TOWNS-085
Page 1 of 1

Witness: Anne Bartosewicz; John J. Prete
Request from: TOWNS

Question:

Identify each structure within the proposed right-of-way.

Response:

The Companies have identified one Structure in the Town of Durham located at 15 Packing House Hill Road that encroaches approximately 18 feet into the ROW.

Other Structures that appear to encroach into the existing right-of-way, as they existed in Spring 2002, can be identified in the aerial photographs in Volumes 11 and 12 of the Application. A land survey will be required to determine if the structures do, in fact, encroach. Such surveys will be done as part of the D&M Plan process.
