

CTsource Contract Board Information

(Updated March 5, 2021)

Welcome to the CTsource Contract Board! The Contract Board enables users to easily access and view awarded contract information.

The CTsource Contract Board replaced BizNet in August 2020 and contains the Department of Administrative Services, Procurement Division (DAS) awarded contracts along with contracts awarded by DAS Construction Services. Other agency contracts will be included on a rolling basis throughout 2020 - 2021. Awarded contract information is available as follows:

- **AGENCY CONTRACTS:** Contracts awarded by DAS for state agencies are posted on the CTsource Contract Board. Contracts bid and awarded by state agencies and political subdivisions under their delegated purchasing authority will also post on the CTsource Contract Board.

Please note: The transition to utilizing the Contract Board to post all state agency contracts is on-going. Therefore, users will be able to select the name of a state agency/organization; however, all contracts may not yet be posted on the Contract Board for the individual state agency. Please continue to refer to BizNet to view contracts for agencies that have yet to transition to CTsource until March 31, 2021. BizNet will sunset on April 1, 2021.

- **STATEWIDE CONTRACTS:** All Statewide Contracts awarded by DAS can be found on the CTsource Contract Board contract listing along with its associated contract documents. DAS statewide contracts are either single supplier or multiple supplier contracts. Specific instructions included within the contract documents provide details as to how to use the contract.

Conducting a Search on the Contract Board

The Contract Board has filters and searching capabilities, including being able to search by commodity codes or partial commodity codes.

If you know the contract number or the name of the supplier/vendor/contractor for which you are searching, enter the contract number or contractor's name in the Search field and contracts matching your search criteria will populate.

Please note: In order for DAS or other state agencies to complete the migration of their existing contracts to CTsource to show up on the Contract Board, those contractors must first be registered in CTsource. As a vendor, if you have an existing contract with the State of Connecticut and you are not registered in CTsource, please take the steps now to register your organization in CTsource by going to (<https://portal.ct.gov/DAS/CTSource/Registration>). Be sure to register the name and address that appears on your current contract(s).

To share a link of a specific contract, click the share icon  at the bottom right side of the summary page. The share menu bar options appear, select the preferred method to share the contract link.

 The copy icon is the most popular method to share via email. Simply click the icon and paste into the body of an email.
