

USING DAS STATE CONTRACTS ON SCHOOL CONSTRUCTION PROJECTS

This workshop is co-hosted by the Department of Administrative Services (DAS) Office of School Construction Grants & Review and DAS Procurement. It is open to all school districts, design team members, construction managers, and program managers.

We will cover statutory requirements, OSCG&R requirements, and provide an overview of the DAS Procurement Marketplace and State Contracting Portal. Examples of goods and services - including FF&E and much more - will be highlighted and a demonstration of a procurement search will be given. The workshop will end with a Question and Answer session.
