

Side Letter About Appendix A

Attached hereto are Appendix A to the Interim Telework Agreement, along with Appendix B (classes excluded by agreement), and Appendix C (disputed classes, further subdivided by hazardous duty status). Collectively the intent of the 3 appendices is to represent the universe of DAS-covered bargaining unit job classes – a master list of such classes. If the parties discover classes that were left off the master list, or if new classes are created or accreted during the interim period, the parties will place them in the appropriate appendix to this agreement, and if they are placed in Appendix A, shall update that appendix in the Interim Telework Agreement.
