### BLOOD DRIVE

One of the most important things you can do to ensure that we do not have another healthcare crisis on top of COVID-19 is to give blood. There is currently a severe blood shortage. This blood shortage could impact patients who depend on lifesaving blood to survive.

In partnership with the American Red Cross the Connecticut State Police is hosting a blood drive on Wednesday, April 1, 2020 from 9 am to 2 pm at the Connecticut Police Academy.
