LIGHTHOUSE INSTITUTE ANNOUNCES GAIN ABS 4.0 RELEASE

NORMAL, IL – Lighthouse Institute’s GAIN Coordinating Center, a division of Chestnut Health Systems™, is excited to announce the launch of the Global Appraisal of Individual Needs Assessment Building System version 4.0 (GAIN ABS 4.0).

All Current GAIN ABS Users:

- GAIN ABS 4.0 push to production occurs Friday November 13, 2020 from 9:00pm-12:00am CDT and will not be available for use during this time.
- Users must upload standalone GAIN ABS assessments to GAIN ABS by **November 12, 2020** or assessments will be lost.
- GAIN ABS 4.0 release will not affect Electronic Health Record Integration customers.

GAIN ABS 4.0 New Features:

- Mobile device friendly
 - User interface and shorter instruments function and look great on tablet and smartphone
- Support for outcome monitoring and reporting
 - Customizable outcome monitoring (follow-up) waves
 - Customizable on-time and full window dates for completion
 - Outcome monitoring reports reflect your customizations
- Modernized user interface
- Context sensitive customer feedback system so you can instantly give us feedback on any part of the site
- New help, documentation, and context sensitive “tours” walk you through GAIN ABS features

For technical assistance or questions related to GAIN ABS 4.0 contact abssupport@chestnut.org. For software development related questions contact gccdevteam@chestnut.org. All other GAIN related inquiries contact gaininfo@chestnut.org.
