---

**The U.S. Census Bureau reports at least 350 languages spoken in U.S. homes.**

**Can you afford to communicate in just one?**

---

**Everyone we encountered in iTi were great to work with and kept momentum going on the project even while our team juggled busy travel schedules and provided different points of contact throughout the engagement. iTi’s services made the difference for us to hear first-hand from our customers across the world.**

- United Technologies Corporation

---

**Hands down, you’re the best**

- Sikorsky

---

**iTi’s interpreters are very professional and very helpful. Thank you, you are always my first choice!**

- Children’s Hospital

---

**Our Spanish interpreter was excellent! He did very well with the difficult subject matter. Thank you for the great service you always provide!**

- McCarter & English

---

**75% of respondents will choose a product with information in their language, given the choice between similar alternatives.**

**56% say the ability to obtain information in their native language is more important than the price.**
