OFFICE OF THE DEPUTY COMMISSIONER FOR ADMINISTRATION

Federal Adoption Assistance Program Eligibility Criteria

Policy

An eligibility determination shall be completed for all subsidized adoption cases in which a financial payment is to be made. For each of these cases, a finding of Title IV-E eligibility or ineligibility shall be made.

Definition pursuant to Title IV-E

A **Special needs child** as defined by Title IV-E of the Social Security Act means that all of the following criteria are met:

1. it has been determined that the child cannot or should not be returned to the home of his or her parents;
2. DCF has determined:
   a. that there exists a specific factor or condition (e.g., ethnic background, age, membership in a minority or sibling group, medical conditions, or physical, mental or emotional handicaps) because of which it is reasonable to conclude that the child cannot be placed with adoptive parents without providing an adoption subsidy, or
   b. the child meets all medical or disability requirements for eligibility for SSI benefits;
3. One of the following conditions are met:
   a. a reasonable, but unsuccessful, effort has been made to place the child with appropriate adoptive parents without providing a subsidy or Title XIX medical assistance, or
   b. DCF has determined that it would be against the best interests of the child to make such effort because of the existence of significant emotional ties with the foster family with whom the child has been living.

Subsidized Legal Guardianship Arrangement Converted to Adoption Foreign-Born Children Ineligible

A child is not eligible for adoption assistance payments if he or she:
- is not a citizen or resident of the United States;
- was adopted outside of the United States; or
- was brought into the United States for the purpose of being adopted.

Note: A child who is ineligible for adoption assistance payments under the above criteria may become eligible if the initial adoption is a failure and the child is subsequently placed into foster care.
