017 4th Q DCF Program Report Card: CHEER Case Management

Quality of Life Result: All working age Connecticut residence have jobs that provide financial self sufficiency

Contribution to the Result: The CHAP/CHEER policy allows DCF youth who were committed abused or neglect to the department prior to turning age 18 to continue their education and/or work training while obtaining financial assistance toward housing, living expenses and tuition as well as case management services from a credentialed provider. This report addresses youth working with a credentialed provider only. The funding represents total expenses related to CHAP/CHEER services.

---

**Who is Better Off? Participants Satisfaction with Program**

![Bar graph showing client satisfaction]

**Story behind the baseline:**
Graph indicates 19 of 29 participants report feeling satisfied with the case management services and that they are doing better as a result of this service.

**Trend:** ▲►

---

**Proposed Actions to Turn the Curve:**

Policy revisions to remove the requirements that participation in a CHEER program would count as one of only two allowable opportunities to participate in a PSE program. Policy revision to specifically allow re-entry youth to participate in a CHEER option will be a recommendation to the adolescent COP. Ongoing recommendations to inform providers of training available to their staff to become more proficient as “job coaches”. Recommend DCF workers refer youth to programs earlier and to identify and prepare DCF adolescents for an attainable career goal based on their interest as well as their skill level and to remediate deficiencies earlier.

---

**Data Development Agenda:**

Compare participant success rate in CHEER with the overall DCF population that attends a PSE path.
Add program to an electronic database such as PIE.
Encourage providers to coordinate with the local DCF offices and the CT Workforce Development Boards as well as utilizing the DOL free resources to help young people find jobs and local training in their community.
