

Sibling Connections

Summer Camp is
always fun — but
especially so when
children are able to
unite and connect
with their siblings!

While at camp, DCF-involved brothers and sisters are able to unite, connecting through family-style dinners, fun activities, and outdoor play.

For over a decade, the annual Sibling Connections Camp has been held at the Channel 3 Kids Camp in Andover, CT. The program is funded by DCF and FREE to eligible children.

The Department of Children and Families, Wheeler Clinic, and Channel 3 Kids Camp work together to help create happy memories for DCF-involved siblings from across Connecticut.

DEPT. OF CHILDREN AND FAMILIES

DCF is developing a comprehensive service system for children and their families, with a focus on strengthening families and building partnerships with Connecticut communities.

The Department's goal is for all children in the care of the Department to be healthy and safe while learning. We want them to experience age-appropriate growth and development, to advance their own special talents, and find opportunities to give back to their communities. We also want them to be successful in and out of school.
