Consumer Protection Week to Feature “SmartConsumer Contest” for Kids

Just about everyone uses and enjoys some kind of electronic technology, but for those **between the ages of 12 and 18**, it's woven into their very life – always has been and always will be! Today's youth use technology to find, rate, and instantly compare the goods and services that interest them.

What better way to celebrate **National Consumer Protection Week** than by encouraging young people to be smarter consumers?

Our new 2-part contest for 12 to 18 year olds will help them learn more about making informed choices. To answer our online quiz questions correctly, contestants will have to read through our **SmartConsumer.ct.gov** website to find the answers. The essay portion of the contest asks contestants to write an essay about how some of what they just learned could apply in their life, or in the life of a family member.

**Prizes: Apple I-Pad Mini (32 GB) Apple I-Pod Touch (32GB)
Kindle Fire (16 GB)**
