Location changes will be posted and communicated with agency Med Coordinators. **Students must arrive at least 15 minutes prior to the start of each course session for check in** and, by doing so, students will avoid lateness due to room location changes in the building. ONLINE CLASS LAB & EXAM

OVERVIEW

This lab practicum and exam should be taken by employees within six months of completing the Online 21 hour course. The Online course must be taken within a 30 day window and those dates must be reflected on the course attestation form and seat request submitted to DDS by their agency Med Coordinator. All employees must have a valid application in e-license and must have submitted the online homework assignments before they will be accepted into the lab and exam.

Each lab participant will be assigned a time to complete the lab practicum one-on-one with a DDS nurse. If they pass the lab, they will take the exam immediately after the lab on the same day. If an employee fails the lab, they must take the 21 hour course over. If the employee fails the exam, but passes the lab, they only need to take the exam again (see stand alone exam section of the catalog).

Exam grades will be sent to agency Med Coordinators, students should not contact the DDS office for exam grades.

THINGS TO REMEMBER FOR LAB AND EXAM ATTENDEES:

RETRAINING

OVERVIEW

The Retraining Course is intended for employees who have made multiple medication administration errors and have already been retrained on site by their delegating RN, but continue to make medication administration errors. The course will be held over two full days, for a total of 12 retraining hours.

Registration for the retraining should be completed through the online registration link that can be found on the DDS website. In addition to the registration form completed by the agency Med Coordinator, the delegating RN that oversees the employee must provide documentation of the staff's med errors and retraining history. The RN needs to provide this information through the online form. Everything should be submitted at one time.

The employee will not be registered in the class without documentation of all errors and retraining history from the RN.

REMINDER: This is NOT a course for employees who are struggling with the recertification exam. Recertification exam review or retraining must be handled by the delegating RN at the agency. The Retraining courses offered through DDS are for employees who have made multiple medication administration errors and have already been retrained by their delegating nurse and are still struggling with med errors.

Retraining classes may be cancelled due to low enrollment. Agency Med Coordinators will be notified of cancellations.
