

# Reimagining Employment & Day Services

## Focus Groups

### A Discussion For Families

The purpose of these focus groups is to facilitate a discussion about the future of employment and day services for individuals supported through the Department of Developmental Services. We hope to hear about what is working, areas for improvement and creative suggestions for a path forward. The goal of these groups is to build a framework for the department to strengthen and improve employment and day service options for the individuals supported through the department.
