Re: Administrative Vehicles

Attachment: Administrative Vehicle Payment Form

In a recent finding of the State auditors, it was noted in their review of selected providers that there was a large variance in the cost of program vehicles as compared to administrative vehicles. In one instance, the auditor found that the provider’s administrative car was considered in the category class of luxury vehicles. The auditors noted that this expense was excessive.

In response, DDS will limit the vehicle lease/loan/rental payment of each administrative vehicle to $4800 per year. This applies to the annual payment for the acquisition of the vehicle exclusive of gas and maintenance costs. DDS will review all administrative vehicles in excess of the limit to determine whether an exception should be made for FY2011. Attached is a form to be completed by all providers with submission of the FY2011 Annual Report.

Effective FY2012, costs over the $ 4,800 limit will be disallowed. No exceptions will be granted.
The lease/loan/rental payment limit for each administrative vehicle is $4800 per year. This amount is exclusive of the annual gas and maintenance expense. Providers must complete this form for each administrative vehicle that exceeds the limit.
