SUBJECT: One Time Authorizations

As we begin the 2016 fiscal year, I want to inform you of some changes regarding the one time authorization process. These changes are being made to maximize resources and more effectively account for actual provider expenditures. DDS will need the cooperation of your agency in order for this to happen. It is important for all private providers to adhere to the established dates. Providers are asked to disseminate this email to the appropriate person or persons in your agency.

As a reminder, payments can only be made through an approved authorization. If a provider has an understanding with the region for a payment for staffing and/or other costs for a particular site, home or program but, to date, have not received an authorization, then the provider should contact either the resource administrator or private ARD immediately. If an agency provides supports without an authorization, reimbursement for those supports will only be paid under the guidelines issued in Operational Center memo FY2014-04. All payments will be executed based on the proper documentation for one time support services. Estimated payments are not an acceptable approach for processing one-time payments.

- DDS will be analyzing each request and approving only the most critical of need.

- Payment for all one-times is based upon availability of funding per DDS One Time Procedure.
