RE: FY 2021 Operations Plan (Op-Plan) Software and User's Guide

The fiscal year 2021 Op-Plan Software and *Operational Plan User's Guide* are attached and will be available on the DDS Website. Please ensure that all applicable staff at your agency receives this information. The FY 2021 Op Plan loads onto a Microsoft Office Excel 2010 Spreadsheet and requires no additional software. The spreadsheet utilizes macros to complete various calculations. Set the security level of Excel to the lowest level when first loading the spreadsheet onto the computer. Refer to the instructions for more detail.

Please note: Due to the COVID-19 pandemic, submission has been extended to June 30, 2020. If necessary, providers may request an extension. Please follow the directions below when submitting an extension request.

No changes were made to the Op. Plan for FY 2021.

In an effort to reduce workload, providers will combine cost centers for the same service category (excluding CLA and CRS) into one prime region cost center. For example, if an agency has 5 DSO's in 3 Regions, and the North Region is the Prime Region, they will now report 1 DSO cost center in the NR with all fiscal data combined. CLA and CRS are still required to be reported separately and assigned to a specific Region.

Providers will still have the option of reporting Vendor Service Authorization (VSA) revenue in either the DDS contracted programs or in its own cost center. Providers opting to separate the VSA revenue participants from DDS contracted programs must now do so in its own cost center on the "Other" spreadsheet. As a reminder, all CLA and CRS programs must be broken out into a separate cost center for each setting.

In an effort to simplify the submittal process, providers should electronically submit all three items below to their assigned Provider Specialist:
