Provider Description

Information provided by the provider describing their agency:

May 2, 2022

Benhaven has six program areas: Benhaven Academy, Benhaven School, Career and Transition Services Children’s Behavioral Supports, Individual and Family Support, and Residential Services. All six program areas focus primarily on services and supports to individuals with the issues associated with autism. Benhaven has two school programs located in Wallingford. They serve students from all over Connecticut.

Benhaven’s Residential Services consist of seven Community Living Arrangements (CLAs) for adults, two CLAs for children and adolescents, and “shared living” homes which are also known as community training homes or shared living homes. Benhaven accepts referrals for the group homes for individuals of school age, and for adolescents and adults for the shared living homes from all over Connecticut.

The Individual and Family Support Program serves the communities of greater New Haven as well as much of Middlesex County. The service is primarily for individuals who live at home with their families. The IFS program specializes assisting families who have children at home with behavioral needs and individuals living on their own. Children’s Behavioral Services provides in-home Applied Behavioral Analysis (ABA) services for children and adolescents who have Medicaid or private insurance that covers ABA supports.

Career and Transition Services provides support for young adults who seek job training and placement; assistance to attend post-secondary programs; and life skill development. The program is qualified by both DDS and the Bureau of Rehabilitation Services/Aging and Disability Services to provide the three components of Customized Employment: discovery, job placement; and on the job support.
