Provider Description

Information provided by the provider describing their agency:

Benhaven has four program areas: Educational Services, Residential Services, Individual and Family Support and Benhaven’s Learning Network. All four program areas focus primarily on services and supports to individuals with the problems associated with autism.

Benhaven has two school programs located in Wallingford. They serve students from all over Connecticut.

Benhaven’s Residential Services consist of four group homes for adults, three group homes for children and adolescents, and “shared living” homes which are also know as community training homes or shared care homes. Benhaven accepts referrals for the group homes for individuals of school age and for the shared living homes from all over Connecticut.

The Individual and Family Support Program serves the communities of greater New Haven as well as much of Middlesex County. The service is primarily for individuals who live at home with their families. Benhaven’s Learning Network provides consultation and technical assistance, primarily to public school districts, but also to private schools and agencies, state agencies, and families.
