Provider Description

Information provided by the provider describing their agency:

The Vogl Center (legally Connecticut PDD LLC) provides a comprehensive in-home program. The program consists of Behavioral Management Consulting to train parents on working with their child. The specifics of this include self-help skills, vocational skills, social skills, and management of behaviors. We also provide Individual Support Habilitation in order to teach the children the same steps and philosophy. For programs that already have one to one staff we write behavioral plans and are available for staff training.

Overall, our goal is to improve the lives of the children and families we work with both short and long term. We accomplish this by breaking dysfunctional patterns, tapping into hidden passions, providing concrete and gradual steps on changing, and hands-on coaching and observations.

Appropriate ages: We have experience with all ages and individually tailor each program to the child or adult's needs. This may happen immediately or over several weeks after hearing all concerns and feedback.

Diagnoses served: We have yet to turn a child away and the program is easily modified for the various levels of needs we come across. At times this program can be more than parents or guardians are looking for due to the intensity of the parental involvement.

Contact: Interested parents, professionals and guardians are encouraged to call the number listed above or email the director, Andrew Vogl, for further questions.
