Provider Description

Information provided by the provider describing their agency:

Viability has over 40 years of experience providing supported employment, community integration/day services, and supported living services. Viability's services are driven by our Mission/Vision statement. We believe that individuals with disabilities are an essential resource for our country's future and see our role as guides and support to help individuals with disabilities achieve their full potential. Viability strives to be a positive disruptive force leading with innovative service delivery designs for individuals with disabilities supporting them to achieve the life they want in the community of their choice.

Viability is committed to providing supports based on the individuals' needs and wants rather than using a cookie cutter approach to services. Using person centered planning; we help our individuals identify their goals, strengths and needs for supports. From this assessment, a plan is developed that is tailored to the individual outlining steps to move them forward in their journey toward achieving their goals. Plans are fluid to address change and growth in individuals ensuring that they are continually moving toward achieving the goals they set for themselves.

Our partnership extends from the individuals we serve and their families to the community and employers within the community. Not only is it vital for individuals with disabilities to be a part of the community, actively participating and working in integrated settings, it is vital to the diversity of the community itself. Our programs are designed to be integrated exposing individuals to employment and community experience options that may have been previously closed to them.

Viability places the utmost value in gathering feedback from the individuals we serve, their families, our funders and community employers. While we have a formal survey system in place, we welcome regular contact and suggestions from the individuals we serve and our stakeholders as we continually evaluate our services.
