Provider Description

Information provided by the provider describing their agency:

Everything we do stems from our mission: “To improve the quality of life for those we serve.” To us, our mission is more than words – it is a goal we strive to achieve each day. It is the way we deliver world-class care to our clients. Our mission guides how we run our business and how we treat our in-home caregiver companions. Our mission is ambitious, and it takes a team filled with the Right People to live out that mission each and every day.

You care for your loved one like no one else. But, sometimes a little more help is needed. That’s where we can assist. Our caregivers can provide compassionate, professional care. We carefully match them to our adult clients with special needs and intellectual disabilities, to find the best match. We can provide numerous services for adults, including:

- Companionship, socialization, games, reading aloud and more
- Daily Living skills – We can perform and/or practice those skills with them
- Homemaking, light housekeeping, safety supervision
- Physical Assistance – Mobility, toileting and more
- Hygiene – Bathing, grooming and other personal care

Depending on the needs of you or your loved one, our Care Coordinator will develop a customized care plan. We understand that care situation can change quickly, so we are as flexible as possible.
