Provider Description

Information provided by the provider describing their agency:

Eugene and Susan Allen began Safeway Family Services in 2014. After 20 years working in juvenile detention, and years as therapeutic foster parents, Gene and Susan saw a need for services that reach children and families while there is still time to make an impact on their lives. Originally offering supervised visits for youth in foster care, Safeway Family Services now offers supervised visitation, therapeutic support, support, and temporary care, and community-based life skills. Plans are underway to add clinical after school services, companion support and in-home services for disabled youth and adults. Raising six boys in the city of Bridgeport, Gene and Susan understand the impact positive role models, positive activities, and meaningful ways to spend time have on today's youth and families.
