“Welcome to Square Peg Pizzeria and thank you for having confidence in our service! My name is [NAME] and I’ll be taking excellent care of you today. Before I start you off with any drinks, I’d like to take just 30 seconds to review a few items for your convenience and safety. Restrooms are available inside and are accessible by the second door on the left, and then please return via the main door. I’d like to offer you the option of china and glassware, or disposables and plasticwares (wait for reply, and make note). Sanitizer is available as well [WHERE]. I will remain in my mask and gloves throughout the service. We do provide tableside tablets for credit card payment at the conclusion of your meal, but if you prefer contactless payment, you can scan a QR code on your check using a smartphone camera and pay directly from your mobile device. Don’t forget to save room for a gelato or homemade cookies on this beautiful day and we are featuring our signature Sicilian crust today. Now, may I offer you a bottle of wine or prosecco, a signature cocktail, or a cold craft beer?”

Genuine Welcome
