

# MARKER BUOY VENDORS

## INFORMATION SHEET

The manufacturers listed below can produce buoys that meet the requirements of the Department of Energy and Environmental Protection. **Ensure that the vendor you choose, from this list or otherwise, will construct the buoys to the specifications in your permit. If the buoys do not conform to the requirements in your permit, they are illegal and may be considered hazards to navigation and ordered removed. Please call us at (860) 434-8638 if you have any questions.**

Neither the State, the D.E.E.P. nor this Unit recommends or endorses any of these products and/or manufacturers.

***This list is provided as an information sheet only and may not be complete.***
