Notice of Permit Application

Section 22a-6g of the Connecticut General Statutes (CGS) imposes public notification requirements on applicants for certain permits issued by DEEP.

Public notification is required for new permits, permit renewals and non-minor permit modifications. In order to comply with these requirements:
1. Publish notice of the permit application in a newspaper of general circulation in the area potentially affected by the activity that is the subject of your permit application. This notice must follow the format specified at the end of these notice instructions and must be published before you submit your application to the DEEP. The format contains instructions in brackets. You must insert the appropriate information to replace the instructions in the brackets. Be sure to delete all instructions that are specified in brackets, in bold and in uppercase type. When a choice is specified in brackets, do not include any of the words in brackets unless they specifically apply to the activity you intend to conduct.

2. Send a copy of the notice to the chief elected official of the municipality in which the regulated activity is proposed. The chief elected official is generally the mayor, first selectman, town manager or the chairman or president of the town council, depending on the form of government of the municipality. Specific information for each municipality is listed in The State Register and Manual (often referred to as the Blue Book), which is available on the Secretary of the State's website (www.ct.gov/sots), and is also usually available at town clerk's offices, the State Library and public libraries. The Secretary of the State's website also has a list of mayors and first selectmen available (www.ct.gov/sots/LIB/sots/ElectionServices/lists/List_of_Mayors.pdf). If you have questions, call the Secretary of the State’s office at 860-509-6190 or the town clerk of the appropriate municipality.

3. Include a copy of the published notice of permit application and a completed Certification of Notice Form - Notice of Application (DEEP-APP-005A) as Attachment AA to the permit application.

   The copy of the published notice of permit application must be a photocopy of the page of the newspaper where the notice was published that displays the notice, the name of the newspaper and the date of publication.

   The Certification of Notice Form - Notice of Application asks you to:
   a) specify the date and newspaper in which the notice was published;
   b) certify that a copy of the notice was provided to the chief elected municipal official; and
   c) identify the municipal official(s) to whom the notice was provided.

   If you have any questions about these notice requirements contact the Air Permitting Engineer of the Day at 860-424-4152.

   Your application will be considered insufficient until DEEP receives the copy of the notice as described above and a completed Certification of Notice Form - Notice of Application.

   In addition, DEEP may notify you that other forms of notice are required, including the posting of a sign in accordance with CGS section 22a-61.

   Also, when the application review is complete and DEEP has made a tentative determination on your permit application, DEEP will publish a Notice of Tentative Determination in the newspaper. Please note that you will receive an invoice for the public notice fee and you will be responsible for payment.

   The following format must be used when publishing notice of application.
